Cutting to the Top of His Own Shop

Jaysen Williams is a senior from Cleveland Hill High School and is enrolled in the Barbering program at Erie 1 BOCES Harkness Career and Technical Education Center.

"I enrolled in BOCES because I dedicated myself to barbering in the seventh grade and I've been cutting everyone I know," said Jaysen. "I knew I needed my license to open my shop."

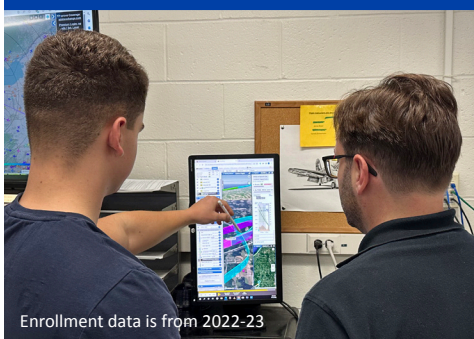

In the fall of 2024, following graduation, Jaysen plans on starting his own barber shop.

Barbering students learn the art of barbering from experienced instructors, guest speakers and a master barber who currently works in the industry. Students as young as 17 can obtain a master barber license by learning the NYS Board techniques and passing the NYS master barber practical exam. Under the instruction of Julianne Reinard, Jaysen is well on his way.

"Jaysen has shown so much enthusiasm for his education here at Harkness," said Reinard. "He tries hard and motivates other students to do well also. He has empathy for those that struggle and will go out of his way to see others persevere."

"This program has provided me an advantage to reach my goals by giving me more courage, more information and more knowledge that I am going to need," said Jaysen.

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs, such as barbering, cosmetology, culinary arts, fashion design technology, digital media, collision repair, building trades, nursing or other health careers, should visit www.e1b.org/cte or speak with their high school counselor.
