## ►► Showing Empathy, Commitment to Program

Shelby Neish is a junior from Amherst High School and is enrolled in the Health Careers program at Erie 1 BOCES Kenton Career and Technical Center.

"I enrolled in BOCES because I want to get a job as a Certified Nursing Assistant. In only two short months I have learned so much already. I am very excited to retain more and see what the rest of the year holds for me. Mrs. O'Connor loves and cares for her students and I am extremely grateful to have her as my teacher," Shelby said.

In the fall of 2023, following graduation, Shelby plans on attending the University of Buffalo or Daemen College's Physician's Assistant program to become a physician assistant.

Under the instruction of Jonnie O'Connor, Shelby has learned about health care, taking care of people and more.

"Shelby is always eager to learn. She demonstrates leadership qualities and is very active in class discussions. All of her work is turned in on time and she follows the rubrics. Her average is a 99% and she has missed zero days of class," said O'Connor. "Her empathy was noted when a peer was having a personal emergency. She stayed by her side and escorted her to Mrs. Buscaglia's office."

"This program has provided me an advantage to reach my goals by giving me a foundation for college and allowing me to have hands-on experiences," Shelby said.

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs such as sports science, web and gaming technologies, nursing or aviation technology, should visit [www.e1b.org/cte](http://www.e1b.org/cte) or speak with their high school counselor.
