►► Cheektowaga-Sloan Senior Develops New Skill Set

Amani Amos is a senior from John F. Kennedy High School and is enrolled in the Criminal Justice program at Erie 1 BOCES Potter Career & Technical Center.

"I enrolled in BOCES because I wanted to try something new and I was always interested in police work, so I thought learning about it would be fun," Amani said.

In the fall of 2023, following graduation, Amani plans on attending college to study psychology. She hopes to one day become a therapist or psychiatrist.

Under the instruction of Scott Grandits, Amani has learned about criminal minds, courts and corrections, forensics and more.

"Amani is a pleasure to be around every day," Grandits said. "She takes her schoolwork seriously and is a help to all her classmates."

"This program has given me a skill set I never had before; it has allowed me to become a better communicator, for example," Amani said. "I'm happy I stepped out of my comfort zone and tried something new by taking this class."

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs such as criminal justice, web and gaming technologies, nursing or aviation technology should visit www.e1b.org/cte or speak with their high school counselor.
