David Penny is a senior from Cleveland Hill High School and is enrolled in the Building Trades program at Erie 1 BOCES Harkness Career & Technical Center.

"I enrolled in BOCES because I was eager to enter the workforce at a young age," David said.

In the fall of 2023, following graduation, David plans on enrolling at Northland Workforce Training Center in Buffalo.

Under the instruction of Roman Kulik, David has learned about construction safety, electrical and plumbing, rough carpentry and more.

"David shows great dedication to building trades," Kulik said. "He is always challenging himself by learning new carpentry skills."

"This program has given me insight into the working world, and it's also helped me make real-world connections," David said.

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs such as sports science, web and gaming technologies, building trades or aviation technology should visit www.e1b.org/cte or speak with their high school counselor.

Joshua Dennis has found success in Northtowns Academy's 6:1:1 program.

"Joshua has shown significant growth socially, behaviorally and academically," said Joshua's instructor, Lisa Graves. "He is a kind, compassionate boy who lights up the room with his smile."

While at Northtowns Academy, Joshua has enjoyed the playground, social group and greeting his teachers in the morning.

"I like how I've been given opportunities to interact and explore at my own pace," he said.
