## ►► Ken-Ton Senior Gets Leg Up in Career Path

Emily Schirmmacher is a senior from Kenmore East High School and is enrolled in the Early Childhood Education program at Erie 1 BOCES Kenton Career & Technical Center.

"I enrolled in BOCES because I enjoy working with children and I wanted to explore that as a possible career," Emily said.

In the fall of 2023, following graduation, Emily plans on attending SUNY Buffalo State University for childhood education.

Under the instruction of Ellen McKay, Emily has learned about guidance and discipline, brain development, the value of play and more.

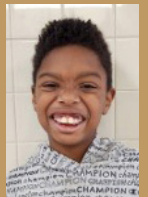

"Emily is hardworking and great with children. She's enthusiastic and has excellent attendance," McKay said. "She will be an excellent elementary teacher."

"This program has given me a glimpse into this career path even before college," Emily said. "It's furthered my love for teaching and my passion for this career has grown stronger. I've received tons of hands-on experience and being with children is always the highlight of my week."

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs such as sports science, web and gaming technologies, early childhood education or aviation technology should visit [www.e1b.org/cte](http://www.e1b.org/cte) or speak with their high school counselor.
