Haley McGregor is a senior from Kenmore West High School and is enrolled in the Cosmetology program at Erie 1 BOCES Kenton Career and Technical Center.

"I enrolled in BOCES because I've always been interested in doing hair as a career," Haley said.

In the fall of 2021, following graduation, Haley plans on working in a salon.

Under the instruction of Maria Guarino, Haley has learned about hair color, skin care, hair design, and more.

"Haley is an excellent student. She excels in all areas of the Cosmetology program," said Guarino. "She is kind, caring and always willing to help others."

"This program has provided me an advantage to reach my goals by helping me practice and giving me the hours needed to get my license," Haley said.

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs such as sports science careers, web technologies and game programming, health careers or aviation technology, should visit www.e1b.org/cte or speak with their high school counselor.

Seventh-grader Adam Ross has found success at Northtowns Academy.

"Adam is a caring, helpful young man and he always tries to do his best," instructor Kira Cochran said. "His work is always complete, and he has worked hard to improve his choices."

Upon graduation, Adam hopes to attend college.

"I like my classes at Erie 1 BOCES because I have helpful teachers," Adam said.

▶▶ **What is BOCES?**

Erie 1 Board of Cooperative Educational Services (BOCES) is a regional school cooperative providing instructional and professional services in order to empower others and transform lives. In 1957, school districts in Erie County created Erie 1 BOCES to collaborate on educational offerings while reducing their individual expenses and enhancing quality. Erie 1 BOCES exists to meet your school district's needs.

▶▶ **Mission**

Erie 1 BOCES commits to those we serve - students, staff and communities - by understanding, anticipating and responding to their needs.
