Dear Parents and Guardians,

The Instructional Leadership Team at Erie 1 BOCES has been collaborating with the Erie County Department of Health and the New York State Education Department in developing our response to this public health challenge. This has been a quickly evolving situation.

As you are aware, Erie 1 BOCES Instructional Programs along with our 19 partner districts of Erie County are currently closed.

Given the anticipated school closure, we quickly mobilized each instructional division to deploy a strategy of action to support ongoing instruction. A plan for continued instruction has been developed by each division including Career and Technical Education, Special Education and Alternative Education. If you do not hear from your child's building administrator or teacher, we encourage you to reach out to them via email or phone.

In addition to the learning materials that have already been sent home or made available through our online learning platforms, we will be preparing and disseminating additional learning content on a regular basis to support all of our students and programs. Materials that cannot be received by students via email or other digital platforms will be sent via U.S. Postal Service.

Please feel free to contact us directly should you have any questions or concerns. Key contact information is listed below.
