Niagara Wheatfield Central School District

MISSION

The Niagara Wheatfield School District will serve its diverse community to empower its learners to attain the necessary knowledge, skills, and perseverance within a safe and supportive environment so that students become responsible and productive individuals.

BELIEF STATEMENTS

- Learning is dynamic, therefore, instruction should be flexible.
- Each individual student is uniquely capable and talented and can learn under the right conditions.
- The school environment needs to be safe, nurturing, and inspiring so that the learner can be confident to take risks in order to reach high expectations.
- Learning is connecting with the real world.
- Learning should build confident and competent individuals.
- Learning is ungraded, differentiated, active, collaborative, interactive, and not predictable.
- Learning happens when people's heritage, culture, and beliefs are respected.
- Children are capable of meeting high expectations.
- Children learn best when actively engaged in meaningful work.
- Children differ in the way they learn, the rate at which they learn, and the knowledge/experience they bring with them.
- Children learn best when the community has a vested interest in their schools' success.

VISION

Niagara Wheatfield Central School District will graduate successful students who are sought after by both post-secondary institutions and the work force due to their commitment to produce high quality work in both independent and collaborative settings.

As facilitators of learning, teachers will utilize a proud set of instructional strategies, including technology, to actively engage all segments of our diverse student population.

Our schools will be community-oriented and model a team approach to education in which all members play an important role in the educational process. Parents feel welcome to share their knowledge and are actively involved.

Our schools will be student-centered, offering an environment that is clean, safe and inviting, where people feel self-worth and a sense of purpose and achievement.

Because of inspired staff, involved parents and motivated students, the level of achievement will rank Niagara Wheatfield among the nation's best schools.

RULES FOR BUS RIDERS

Riding a school bus is a privilege which may be denied to students who disregard rules of good conduct and safety regulations. Common courtesy toward the driver and other students are expected. Each student is entitled to a safe ride. The driver has full authority in the operation of the bus and assigning seats for the students. Drivers are due the same respect as teachers. Only grades K-8 are eligible for a regular "stop other than home," which is a form that needs to be filled out and returned to the transportation department. If a student does not have a note signed by a parent and the school they will not be permitted to get off at a different stop.

1. Students must be at the bus stop five minutes before the bus' scheduled arrival time, it will not wait for latecomers. Students should dress for the weather. Students may be required to walk up to 2/10 of a mile to their assigned stop. Door to door service is not provided.
 2. **The "danger zone" is the area 10 feet around all sides of a school bus. NEVER, ever should a student chase after a moving bus. The bus poses a safety hazard to a student who is in the "danger zone."**
 3. When crossing in front of the bus, students should walk far enough from the bus so that they can see the driver's face, and the driver sees them. We encourage this distance to be a minimum of 10 feet. Wait for the safe crossing signal from the driver. If the driver blows the horn, return to the curb or a safe spot.
 4. Students must sit in their assigned seat and remain seated at all times until they reach your stop.
 5. Students must never place their head, hands, arms or any part of body out of a window.
 6. School rules apply to behavior on buses. For example, smoking, fighting, possession of drugs or weapons will result in immediate suspension. Other forms of continued misbehavior may also result in suspension. ALL forms of harassment and bullying, whether verbal or physical will result in a suspension from the bus.
 7. See the district website: www.nwcsd.k12.ny.us to view a detailed list of items that are not allowed on the bus and an expanded list of bus rules. Musical instruments are allowed only if the instrument can be held on the student's lap, does not take up a seat, or otherwise pose a danger.
 8. Student must help keep the bus clean. They should not throw papers or other trash on the floor or seats. Vandalism will not be tolerated. Parents will be billed for all damages.
 9. Nearly all buses are now equipped with digital video recorders. When they work properly they can usually provide an excellent record of a serious bus incident.
- N.W. buses will not pick up students on dead end streets and cul-de-sacs unless the bus can turn around without backing up.**

STUDENT DIRECTORY INFORMATION

In accordance with the Family Educational Rights and Privacy Act (FERPA), the District defines student directory information as the following: name; address; telephone listing; date and place of birth; major field of study; grade level; participation in officially recognized activities and sports; weight and height (if members of athletic teams); dates of attendance; honors, degrees and awards received; photograph; and the name of the educational agency or institution most recently previously attended by the student.

The District may publish without written permission from parents/guardians the student directory information indicated above. Parents/guardians may submit a written request to not release directory information regarding their child. Please submit this written request to your child's building principal by October 3, 2019.

The release of student directory information is not to be confused with the release of names, addresses and telephone listings of eligible students (i.e., a student seventeen (17) years of age or older or in the eleventh grade (or its equivalent) or higher) to Military Recruiters. In compliance with the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (NCLB), and the National Defense Authorization Act, the District shall notify parents that by law it routinely releases this information to Military Recruiters but again parents/guardians may request not to disclose such information. A permission form is mailed to parents/guardians each summer.

PARENTS - PLEASE HELP US KEEP YOUR STUDENT SAFE!

Niagara Wheatfield Central School District

I. Introduction

The Board of Education (hereinafter referred to as “Board”) of the Niagara Wheatfield Central School District (hereinafter referred to as “District”) is committed to providing a safe and orderly school environment where students may receive and District personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other District personnel, parents and other visitors is essential to achieving this goal.

The District has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The Board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the Board adopts this Code of Conduct (hereinafter referred to as “Code”).

The intent of the New York State Dignity for All Students Act (hereinafter referred to as “Dignity Act” or “DASA”), effective July 1, 2012, is to provide all public school students with an environment free from discrimination and harassment, as well as to foster civility in public schools. The Dignity Act also focuses on prevention of harassment and discriminatory behaviors through the promotion of educational measures meant to positively impact school culture and climate. The District and the Board are committed to acting in accordance with the Dignity Act and applicable Regulations of the Commissioner of Education.

Unless otherwise indicated, this Code applies to all students, school personnel, parents and other visitors when on school property (which includes school buses) or attending a school function.

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other District personnel should reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming and appearance, including hair style/color, jewelry, make-up and nails, shall:

1. Be safe, appropriate and not disrupt or interfere with the educational process.
2. Recognize that extremely brief garments such as tight tops, net tops, halter tops, spaghetti straps, plunging necklines (front and/or back), tank tops, muscle shirts and see-through garments are not appropriate.
3. Ensure that underwear is completely covered with outer clothing.
4. Include footwear at all times. Footwear that is a safety hazard will not be allowed.
5. Not include the wearing of headgear or sunglasses in the building, other than entering or exiting, except for a medical or religious purpose.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item and, if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school suspension for the day. Any student who repeatedly fails to comply with the dress code shall be subject to further discipline, up to and including out of school suspension.

VII. Prohibited Student Conduct

The Board of Education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, District personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

The Board is committed to providing an educational environment that promotes respect, dignity, and equality. The Board recognizes that acts of discrimination and harassment, including bullying, taunting, or intimidation, are detrimental to student learning and achievement. These behaviors interfere with the mission of the District to educate its students and disrupt the operation of its schools. Such behavior affects not only the students who are targets, but also those individuals who participate in, and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of discrimination and harassment, including bullying, taunting or intimidation, against students by students and/or employees on school property, which includes (among other things) school

buses, and at school function, which means school-sponsored, extra-curricular events or activities.

F. Engage in misconduct while on a school bus.

Examples of academic misconduct include, but are not limited to:

It is crucial for students to behave appropriately while riding on District buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. All Prohibited Student Conduct discussed in Section VI of this Code of Conduct including, but not limited to, excessive noise, pushing, shoving and fighting will not be tolerated.

G. Engage in any form of academic misconduct.

Examples of academic misconduct include, but are not limited to:

1. Plagiarism.
2. Cheating.
3. Copying.
4. Altering records.
5. Assisting another student in any of the above actions.

VIII. Reporting Violations

All students are expected to promptly report violations of the Code of Conduct to a teacher, counselor, the building principal or his or her designee. Students may do this orally or in writing (either by using the District complaint form or other means necessary). Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or the superintendent.

All District staff authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. District staff not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor, who shall in turn impose an appropriate disciplinary sanction,

if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction. School employees who witness or receive a report of harassment, bullying or discrimination must notify the principal, superintendent or designee within one school day after witnessing the incident or receiving the report and must file a written report within two school days thereafter.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

The building principal or his or her designee must notify the appropriate local law enforcement agency of those Code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, which shall mean no later than the close of business the day the principal or his or her designee learns of the violation or the next day. The notification may be made by telephone, followed by a letter mailed on either the same day or the next business day after the telephone call is made. The notification must identify the student and explain the conduct that violated the Code of Conduct and that such conduct constituted an alleged crime.

IX. Disciplinary Penalties, Procedures and Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Dignity Act emphasizes the creation and maintenance of a positive learning environment for all students. In addition, the Dignity Act requires the development of measured, balanced, and age appropriate responses to the discrimination and harassment of students by students and/or employees on school property, including school functions, with remedies and procedures focusing on intervention and education.

Appropriate remedial measures may include, but are not limited to:

1. Peer support groups, corrective instruction or other relevant learning or service experience;
2. Supportive intervention;
3. Behavioral assessment or evaluation;
4. Behavioral management plans, with benchmarks that are closely monitored; and/or
5. Student counseling and parent conferences. Beyond these individual focused remedial responses, school-wide or environmental remediation can be an important tool to prevent discrimination and harassment.

Environmental remediation strategies may include:

1. Supervisory systems which empower school staff with prevention and intervention tools to address incidents of discrimination and harassment;
2. School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
3. Adoption of research based, systemic harassment prevention programs;
4. Modification of schedules;
5. Adjustment in hallway traffic and other student routes of travel;
6. Targeted use of monitors;
7. Staff professional development;
8. Parent conferences;
9. Involvement of parent teacher organizations; and/or
10. Peer support groups.

A. Penalties

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this Code of Conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

Students who are found to have violated the District's Code of Conduct may be subject to - but are not limited to - either one or a combination of the following penalties. The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

1. Oral warning - any member of the District staff.
2. Written warning - bus drivers, hall and lunch monitors, coaches, counselors, teachers, Principal, Superintendent.
3. Written notification to parent - bus driver, hall and lunch monitors, coaches, counselors, teachers, Principal, Superintendent.
4. Detention - teachers, Principal, Superintendent.
5. Suspension from transportation - Principal, Director of Transportation, Superintendent.
6. Suspension from athletic participation - coaches, Athletic Director, Principal, Superintendent.
7. Suspension from social or extracurricular activities - activity director, Principal, Superintendent.
8. Suspension of other privileges - Principal, Superintendent.
9. In-school suspension - Principal, Superintendent.
10. Removal from classroom by teacher - teachers, Principal.
11. Short-term (five days or less) suspension from school - Principal, Superintendent, Board of Education.
12. Long-term (more than five days) suspension from school - Principal, Superintendent, Board of Education.
13. Permanent suspension from school - Superintendent, Board of Education.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. Continued violations will merit a more severe penalty.

School authorities will establish policies and procedures to ensure the provision of continued educational programming and activities for students who are removed from the classroom, placed in detention or suspended from school.

B. Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. Students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional

rights are explained below.

1. Detention. It is the student's responsibility to inform his/her parents that detention has been assigned.
2. Suspension from Transportation. A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law § 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.
3. Suspension from Athletics. A student subjected to a suspension from athletic participation, extracurricular activities, or other privileges is not entitled to a full hearing pursuant to Education Law § 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.
4. Classroom Removal. A student subjected to removal from class for disruptive behavior may be removed immediately if he or she poses a danger or ongoing threat of disruption. However, the teacher must explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24 hours. If the student does not pose a danger or ongoing threat of disruption, the teacher must provide the student with an explanation of why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student may be removed.

Within 24 hours after the student's removal, the principal or another administrator designated by the principal must notify the student's parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal (or the principal's designee) and the teacher to discuss the reasons for the removal. The written notice must be provided in some manner that is reasonably calculated to assure receipt of the notice at the last known address of the parents within 24 hours of the student's removal. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

If requested, the informal conference must be held within 48 hours of the student's removal. The timing of the informal conference may be extended by mutual agreement of the parent and principal. If the student denies the charges at the informal conference, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the

student's version of the relevant events. The principal or the principal's designee may overturn the removal of the student from class if he or she finds that the charges are not supported by substantial evidence, the student's removal is otherwise in violation of the law, or the conduct warrants suspension from school pursuant to Education Law § 3214 and a suspension will be imposed.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal, assistant principal, or the chairperson of the Committee on Special Education (or his or her designee) that the removal will not violate the student's rights under state or federal law or regulation.

5. Short-Term Suspension (five days or less). When the superintendent or principal ("suspending authority") proposes to suspend a student charged with misconduct for five days or less, the suspending authority must immediately notify the student verbally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be sent within 24 hours of the decision to proposed suspension to the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. The notice and informal conference should be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. In such a case, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable. The principal has the authority to terminate or reduce the suspension after the informal conference.

After the conference, the principal shall promptly advise

the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the Board of Education with the district clerk within ten (10) business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner of Education within 30 days of the decision.

6. Long-Term Suspension (more than five days). When the superintendent or building principal determines that a suspension of more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. The notice shall give fair notice of the charges against the student and of the date when the hearing will take place. At the hearing, the student shall have the right to be represented by counsel, the right to question witnesses against him or her, and the right to present witnesses and other evidence on his or her behalf.

The superintendent shall personally hear and determine the proceeding or may, at his or her discretion, designate a hearing officer to conduct the hearing. A record of the hearing shall be made. The hearing officer, if one is appointed, shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.

An appeal of the decision of the superintendent may be made to the Board of Education, which will make its decision based solely upon the record before it. All appeals to the Board must be in writing and submitted to the district clerk within ten (10) business days of the date of the superintendent's decision, unless the parents can show that extraordinary circumstances precluding them from doing so. The Board may adopt, in whole or in part, the decision of the superintendent. Final decisions of the Board may be appealed to the Commissioner of Education within 30 days of the decision.

7. Permanent Suspension. Permanent Suspension is reserved for extraordinary circumstances such as when a student's conduct poses a life threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

C. Minimum Periods of Suspension

1. Students who bring a weapon to school. Any student, other than a student with a disability*, found guilty of bringing a weapon on to school property will be subject to suspension for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law § 3214. The superintendent has the authority to modify the one-year suspension on a case-by-case basis.

*A student with a disability may be suspended only in accordance with the requirements of state and federal law

2. Students who commit a violent act other than bringing a weapon to school. Any student, other than a student with a disability*, who is found to have committed a violent act, other than bringing a weapon on to school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis.

*A student with a disability may be suspended only in accordance with the requirements of state and federal law

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom. Any student who is repeatedly substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended for at least five days. For purposes of this Code, "is repeatedly substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by a teacher(s) pursuant to Education Law § 3214(3-a) and this Code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis.

D. Referrals

1. Counseling

All counseling referrals shall be made to the Counseling Office.

2. PINS Petitions

The District may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
 - b. Engaging in an ongoing or continual course of conduct that makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.
 - c. Knowingly and unlawfully possessing marijuana in violation of Penal Law § 221.05.
3. Juvenile Delinquents and Juvenile Offenders

The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

Any student under the age of 16 who is found to have brought a weapon to school, or

Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20 (42).

4. The Superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualified for juvenile offender status to the appropriate law enforcement authorities.

X. Discipline of Students with Disabilities

The Board of Education recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board also recognizes that students with disabilities and students presumed to have a disability are entitled to certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing, or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code affords students with disabilities and students presumed to have a disability subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state laws and regulations.

Any administrator who needs to discipline a student with a disability or a student presumed to have a disability is required to adhere to the steps in the disciplinary process as specified in §§ 3214 and 4403 of the Education Law and Parts 100, 200, and 201 of the Regulations of the Commissioner of Education. District administrators shall seek guidance from the Special Education office regarding discipline procedures.

XI. Alternative Instruction

When a teacher removes a student of any age from a class or a student of compulsory attendance age is suspended from school pursuant to Education Law § 3214, the District will provide alternative means of instruction for the student. When possible, alternative instruction will be provided within one school day.

XII. Dissemination and Review of the Code of Conduct

The Board will work to ensure that the community is aware of this Code of Conduct by:

1. Providing copies of a summary of the Code to all students at the beginning of each school year.
2. Posting the Code of Conduct on the District website for access by parents and community members.
3. Providing all current teachers and other staff members with a copy of the Code and a copy of any amendments to the Code as soon as practicable after adoption.
4. Providing all new employees with a copy of the current Code of Conduct when they are first hired.
5. Making copies of the Code available for review by students, parents and other community members.

The Board of Education will review this Code of Conduct every year and update it as necessary. The Code of Conduct and any amendments to it will be filed with the Commissioner no later than 30 days after adoption.
