

ARTS IN Education

The **Arts in Education (AIE)** programs provide arts and arts-integrated learning experiences for K-12 students and teachers. All learning experiences are based on the NYS Standards for the Arts. Arts and cultural resources (museums, libraries, historical sites, performing arts centers, arts organizations and teaching artists) partner with schools to provide performances, workshops, residencies. Using FTE support in conjunction with our partners, Erie 1 BOCES staff can help support student and staff learning in a multiple day experience, both onsite and in the classroom, for students to participate in collaborative intensive arts learning.
