IRT 1084 - DEPARTMENT CHAIR LEADERSHIP TRAINING

Program: Regional Instructional Resources Team

Audience: Department Chairs, Teachers, and Leaders

Dates: 08/02/2022

Time: 8:00am - 3:00pm

Participants will begin developing their own purposeful approach with leadership and collaboration skills.

Leaders will have an opportunity to build their toolbox through the exploration of the Principles of Partnership, essential elements of efficient and productive meetings, and powerful protocols.

Each of these components, when implemented intentionally, will ensure they are leading their own impactful meetings and collaborations.

All participants will also have the opportunity to join a group, exclusive to this leadership cohort, facilitated by a BOCES Coordinator specific to their discipline.

Each group will meet throughout the year to remain current on NYSED updates, additional leadership tools, and the opportunity to collaborate and network with other leaders from multiple districts.

Price includes virtual follow up sessions throughout the year to support Department Chairs by content.

INSTRUCTIONAL SUPPORT

[IRT 1078 - Adaptive Schools Foundation and Advanced Seminars \(4-Day attendance required\) Registration opens at 8 AM](#)

Program: Instructional Leadership

Audience: Administrators, teachers, district / agency personnel & staff developers who convene & manage work teams, shared decision-making groups & faculty committees.

Dates: 7/13/2022 & 07/14/2022; 08/17/2022 & 8/18/2022

Time: 8:30am -3:00pm

The four-day training not only explores what makes teams effective, but how to develop skills as facilitators and informed group members in informal and formal settings, in small and large groups.

It takes participants beyond the idea of professional learning communities to the actual implementation, describing specific ways to weave the collaborative fabric of a faculty, develop group member skills, and acquire the principles and understandings to engage in a continuous cycle of team and individual improvement.

Adaptive Schools is the "how" of professional learning communities: how to behave in groups, how to lead them, and how to facilitate them for improved leading, teaching, and learning.

As a result of this training, participants will develop:

- An increased capacity to initiate, develop and sustain high functioning groups.
- New lenses for diagnosing the stages and phases of group development.
- An expanded repertoire of practical facilitation tools.
- Understandings of when and how to engage groups in dialogue and discussion, the limitations, forms, and values of each.
- Skills to move groups beyond consensus to common focus.
- Ways to value and use dissension, argument, and conflict
- Strategies for keeping group members on track, on topic, energized and resourceful.

IRT 1061C - Kagan Cooperative Learning Workshop, Days 1 & 2, Starpoint Middle School

Program: Regional Instructional Resources Team
Dates: 8/16/2022 & 8/17/2022 (Meeting 2 days- Tue & Wed)
Time: 8:00am - 3:15pm

When students are engaged, they pay attention, they are motivated, they learn more, and the learning sticks. Traditional classroom teaching captures the minds and attention of some students, but not all. With traditional instruction, there is always a subset of students who fall through the cracks.

Kagan Structures require every student to participate frequently and approximately equally. Kagan Structures close the achievement gap by creating dramatic gains for struggling students. However, the gains are not bought at the expense of high achievers; they too are engaged in a richer, more interactive learning environment.

Engagement is why low-performing and minority students who use Kagan Structures outperform their school and district peers who do not. Engagement is why students report that they like school more, their teachers more, the academic content more and feel better about themselves, and they are also less disruptive. Engagement is the reason principals of failing schools can turn schools around, quickly.

Participants will learn:

- how to use Kagan Structures to increase achievement,
- improve ethnic relations,
- enhance self-esteem,
- create a more harmonious classroom climate,
- reduce discipline problems, and
- develop student's social skills and character virtues.
