

OCCUPATIONAL EDUCATION

2 (or more) Year Program

Program Summary

- Occupational Education (OE) offers supportive career development programs for students with learning or management needs who require small classes and individually modified curricula.

Additional Information

- CDOS Credential or Pathway Program (with successful completion of standard state assessments and OE II).

OE I (One School Year)

- Students will explore career modules in Automotive Services, Building Maintenance, Food Service, and Human Services. Student performance is evaluated at the end of each five-week period. Evaluations from OE I are used as a guide to help choose an appropriate training area for OE II.

OE II (Two or More Years)

- Students will choose one of four strands in which to continue skill development. These include Automotive Services, Building Maintenance, Food Service, and Human Services. Curriculum activities relate to entry level employment skills necessary for successful performance. Internships are available for those students ready to work in the community.
